

Hello, Key Vista residents.

The bulk cable contract has been signed and will begin on Oct. 1, 2018.

Billing for cable will begin on Jan. 1, 2019. The \$37.00 will be added to the monthly assessment.

If you need to be bought out of a current contract from another supplier, please go to Spectrum's website no later than August 31, 2018, and follow the directions for doing so. You must sign up for Triple Play. Once you receive your buy-out check from Spectrum, you can call and cancel the phone.

If you currently have Spectrum and have two boxes, extended cable, high speed internet and Wi-Fi, you do not need to do anything and starting October 1, 2018, you will have no future billing from Spectrum during this contract. If you decide to keep the phone, your bill will be around \$22.00 from Spectrum. Also, if you choose any add-ons or additional features Spectrum will bill you directly.

Spectrum will be sending all homeowners a letter in September with procedures to follow. **DO NOT** wait for this letter to arrive if you are with another carrier and need a buy-out. After August 31, 2018, the buy-out offer will not be available.

Mark Grande
